MISSION STATEMENT

The mission of Scott's Branch Middle High School is to provide the opportunity for all students to have the skills necessary to be successful in an every-changing world.

School Year Goals

1. By the end of the **2025-2026 school year**, SBMS students scoring "Exceeds" and "Meets" in **ELA and Math** will increase by **5% in each grade level** on the state standardized assessment when compared to **2024-2025 results**.

2. By the end of the **2025-2026 school year**, SBHS students scoring **70 or above on End-of-Course (EOC) exams** will increase by **5%** in **each subject area** when compared to **2024-2025 assessment data.**

Highlights

Sports at SBMHS – Girls and Boys Basketball Teams, Cheerleader Squad, Softball Team, Baseball Team, Volleyball Team, Football Team, and Track & Field * JROTC * Data Driven * Title 1 School

Strategies

Reading Interventionist * Math Interventionist * Team Teaching * CATE Classes * South Carolina College and Career Ready Standards * Direct Instruction * Common Assessments/Data * Workshop Model

Dear Parents and Guardians,

Scott's Branch Middle High School is pleased to share key updates and highlights that reflect the continued progress and success of our school community.

Our vision remains focused on becoming one of the top-performing schools in South Carolina. Through the collaborative efforts of our School Improvement Council, dedicated faculty and staff, and the ongoing support of our families, we continue to make meaningful strides toward this goal.

At Scott's Branch, we are committed to ensuring that all students develop the World Class Skills outlined in the Profile of the South Carolina Graduate. Our rigorous academic program, enhanced by the integration of the arts, emphasizes critical thinking, collaboration, communication, and innovation. Students are actively engaged in project-based and problem-based learning experiences that connect classroom instruction to real-world applications.

To support the diverse academic needs and interests of our students, we provide opportunities such as dual enrollment courses, allowing students to earn college credit and potentially an associate degree. Additionally, students have access to Career and Technical Education (CATE) programs through the F.E. DuBose Career Center, preparing them for both postsecondary education and career pathways.

Instructional decisions are guided by ongoing assessment practices, including weekly formative assessments and quarterly benchmark evaluations. This data-driven approach enables our instructional team to design targeted lessons and interventions that support continuous academic growth for all learners.

Scott's Branch Middle High School remains committed to maintaining high expectations, fostering continuous improvement, and achieving educational excellence. We are proud of our students, appreciative of our staff, and grateful for the continued partnership with our families and community stakeholders.

For additional information or questions, please contact the school at (803) 574-2100.

Sincerely,
Dr. Tyrone Cummings
Principal, SBMHS
