Our Mission

We educate to Energize, to Engage, to Elevate, to Empower!

Our Vision

The vision for North Middle High School is for the culture to be a collaborative community of learners who are engaging students through 21st Century Skills through the Profile of the South Carolina Graduate to become successful world-class citizens as we prepare them for college and career readiness.

Theme for the Year:

"We're playing chess, not checkers." We have a mindset of playing chess by planning ahead and thinking about the endgame, not just short-term goals. We require our students to think critically, solve simple and complex problems, concentrate and pay attention to details, and think creatively.
