Pre-K through 5th
grade

Character Education:

This year we continued to focus on one character trait per month which are our Hero Habits. We celebrate these students in their classroom at the end of each month. We also teach students to give back to others by participating in Kidz in Lids, canned food drives, and support other students in our district schools.

When you visit our school...

We want you to see us involved in: rigorous learning activities, making new friends, technology, reading, writing, thinking, making decisions, solving math word problems, reflecting, guided reading, guided math, discussions, conferences with our teachers and peers, and picking out a just right book. What we also want you to see is our school is full of happy kids who love learning in a place that we feel safe, happy, and loved.
