

WOODRUFF ELEMENTARY SCHOOL

SCHOOL IMPROVEMENT COUNCIL ANNUAL REPORT TO PARENTS 2022-2023

PURPOSE

The purpose of Woodruff Elementary School is to create a community of learners where each student is provided with a quality education in a safe, supportive environment that promotes self-discipline, motivation and excellence in learning to manage life's challenges successfully.

DIRECTION

Our students will be engaged in meaningful experiences to fully develop social, emotional, physical and intellectual talents and abilities during their educational journey and throughout their lives.

SCHOOL IMPROVEMENT GOALS 2022-2023

Student Achievement Goal-

A big goal for our school is improving how we reach economically disadvantaged students. We want to see third through fifth graders increase their performance on SCREADY tests. The goal is for at least 38.5% of these students to score “meets” or “exceeds” on the ELA test and for at least 43% of these students to score “meets” or “exceeds” on the Math test. By the 2025 school year, our goal is for these percentages to increase to 50% and 55% respectively.

Teacher/Administrator Quality Goal-

We want to increase the number of teacher degrees, certifications, or endorsements. The goal is to increase this number from 57-62 by the end of the 2022-23 school year, and from 54-69 by 2025.

School Climate Goal-

We are working to increase the quality and quantity (number of available opportunities) of relevant professional development. In order to measure this, our goal is that 65% of teachers would rate this as “agree” on the SC Teachers Survey by 2025- a part of the SC Report Card for Schools.
