Mission

The mission of Reidville Elementary is to provide every student quality educational experiences in a safe, nurturing, and engaging environment, enabling each individual to succeed in life and function as a productive citizen.

SIC

Our SIC reviews progress toward reaching goals set in our strategic plan. Student learning is a vitally important area considered. The following charts show the percentage of our third and fourth grade students who met or exceeded the Basic category on PASS Tests. The school report card, which includes more details, is available in our parent file on the front counter of our office. Our students, teachers, and parents worked hard throughout the years to increase student learning.

Our five year strategic plan emphasizes student learning with the highest expectations for quality learning. We are working to continuously improve for **Every Child...Every Day.**

School Improvement Council

The School Improvement Council (SIC) is a committee of elected and appointed parents, teachers, and community members who set goals and devise strategies to improve the school. The Council meets monthly to discuss school and community concerns, and make recommendations to the principal. This year SIC worked to support student achievement, provide safe access to our building, and update the strategic plan through self-study and a commitment to continuous improvement.
