

Report To The Community 2023-2024

South Carolina Statute (Act 135 of 1993) requires each of the state's School Improvement Councils to publish and distribute an annual Report to the Parents highlighting the progress the school is making in achieving the goals and objectives of the school's strategic plan. The report is developed by the School Improvement Council to share the challenges and successes of the school, students, parents and teachers for the current school year.

Principal
Tracy Kennedy- Teacher
Tashma Glymph- Parent
Dorcas Miller – Parent

SC Ready

As a result of the 2023-2024 academic school year, McCracken Middle school improved in every area. We had tremendous areas of improvement in both ELA and Math.

Please review the information below regarding this year's state report card. Additional information can be found at www.SCreportcards.com

Mission:

The mission of McCracken Middle School is to provide positive learning experiences for all students, enrich the quality of their lives, encourage them to reach their full potential as individuals, and enable them to become productive members of society.

Vision:

We envision a school in which:

Each student and staff member feels valued, safe, and respected.

Educational opportunities are designed for students and staff to maximize learning.

Student achievement is dependent upon a coalition of school, home, and community.

A safe, orderly, and secure learning environment exists.

Facilities and resources support and enhance all educational programs.

Students and staff have continuous development as a community of learners.

The curriculum includes the knowledge and skills for student success at all levels.

Our school is helping all students develop the World Class Skills of the *Profile of the South Carolina Graduate* by providing rich personalized learning opportunities through rigorous course work, collaborative and hands on experiential learning, developing powerful student-teacher relationships, and creating intensive enrichment learning experiences designed to increase student achievement along with college and career readiness.

Throughout the building and school year our students continue to engage in hands on collaborative learning experiences, science labs, school assemblies, awards day, i-Ready celebrations and pep rallies, field trips, and many other activities which contribute to the development of the South Carolina Graduate along with the development of a well-rounded student.

Our phenomenal PTSO continues to support our students and teachers through celebrations for children and faculty and staff. Our parents help with rewarding students, faculty and staff for achievement. This help is a welcomed support to our school. They provide so much of the support that we need to accomplish great things at MMS.

All of our students continue to work very hard to meet their i-Ready goals and to bridge achievement gaps. With each nine weeks we will mark this milestone with fun celebrations to recognize their accomplishments.

Our band, orchestra, and chorus programs continue to flourish this year with region participants and Concert Performance Assessments. We love that these students have found a niche in which to thrive and to grow in middle school and beyond. Our athletic teams also continue to grow and gain recognition for their successes.

Our School Improvement Council is always looking for ways to improve our school climate and culture. We thank you for your support and welcome any suggestions you might have as we continue to soar to greater heights.
