Re: 2025 - 2026 SIC Report to the Parents

Bamberg-Ehrhardt High School is continuing excellence in the area of academics. We are proud to say that all of our teachers are fully certified and committed to providing world class experiences for our students. We partner with Denmark Technical College to provide dual enrollment opportunities. We also maintain a rigorous honors track for multiple subject areas. Our End-of-Course test results continue to improve each year, and we scored just one point shy of a good rating on our state report card. We are committed to the notion of constant improvement and are excited about our academic accomplishments and the bright future ahead.

Partnered with our strong core academics, Bamberg-Ehrhardt High School has a robust Career Technology Education program (CTE). One hundred percent of our seniors graduated as a completer with a state recognized credential. Our current CTE course offering is expansive: Cosmetology, Welding, JROTC, Family Consumer Sciences, Culinary Arts, Business, Health Sciences, and Agriculture. Along with much community outreach, our CTE department hosted an inaugural recruitment fair for the rising middle schoolers in the area.

The Arts and Athletic programs at Bamberg-Ehrhardt High School are second to none. We have a strong band program offering opportunities in marching band and concert band. Our visual art class hosted two community art exhibits displaying the astonishing work of our students and attracting more than one hundred viewers. Our new drama department hosted two productions that included opportunities for all of the art areas to collaborate. Our girls Varsity Track team is now celebrating a consecutive state championship. We also won the Class 1A Varsity Football State Championship.

Bamberg-Ehrhardt High School is a great place to learn, grow, and work. This report is issued by the Bamberg-Ehrhardt High School Improvement Council in accordance with South Carolina law to share information on the school's progress in meeting our goals and objectives, the work of the SIC, and other accomplishments during the school year. Contact information for the SIC members is available at the school' main office.

Sincerely,

Jordan D. Smith
