It has been an exciting year at Ebenezer Middle School as we continue to inspire, prepare, and empower our students to make their world a better place. Our school is located in a rural setting and serves approximately 350 students from the surrounding communities. The faculty and staff strive for academic excellence and continuous improvement for every student through a challenging, relevant, standards-based curriculum. Technology is at the forefront inside every classroom with the 1:1 Chrome-book Initiative. Having this capability has transformed what we are able to teach and how we are able to teach it. Our school offers a wide range of activities to engage students beyond the classroom including monthly clubs and First Priority. Our Student Council really works hard to make sure every student's voice is heard. We also have NJHS, FBLA, Football, Basketball, Volleyball, Track, Band, Chorus, Book Chatters, Word Warriors and numerous Service Activities that help build world class skills and life characteristics that are critical to student success and enhance the total middle school experience.
