Ebenezer Middle School is located in a rural setting and serves approximately 375 students from the surrounding communities. The faculty and staff strive for academic excellence and continuous improvement for every student through a challenging, relevant, standards-based curriculum.

This has been an extremely challenging year due to COVID quarantines mask mandates, and reestablishing school procedures and protocols. The faculty and staff still continued to offer our students our best. Ebenezer has strived to assist students with their SEL (Social Emotional Learning). Teachers have offered a variety of computer based as well as hands-on activities in order to engage our students.

We have administered the MAP assessments to analyze the students strengths and weaknesses. Special emphasis has been given to these areas. We look forward to getting back to “normal” at Ebenezer.

Sincerely,

Josh Colvin, SIC Chair

Bertha Timmons, Principal

Mission Statement

The mission of Ebenezer Middle School is to provide a quality education for all students in a safe and orderly environment.

Vision Statement

Our vision is a school community where concern for students is the basis of all decisions.

Summary of Needs

During our school renewal process, our school and community agree after looking over our recent assessment data, that Ebenezer should continue to focus on student achievement. Our focus for improvement is on strategies that will help to bridge the gap due to COVID. Our strategies include utilizing ALEKS and Exact Path more efficiently.
