

Dear Parents and Guardians,

At R. E. Davis, we are committed to preparing our students for future challenges by equipping them to become responsible, successful, and productive citizens in a global society. Our School Improvement Council continuously seeks ways to enhance our school. The council collaborates with teachers, administrators, parents, and staff throughout the year to review assessment data, analyze survey results, examine school climate information, and develop a comprehensive needs assessment. We actively encourage parental involvement by fostering strong relationships, hosting family-centered events, and offering engaging workshops. We are dedicated to providing clear and timely communication through our school website, social media platforms, and parent newsletters. Our administrators maintain an open-door policy to promote ongoing communication among all stakeholders. We proudly provide learner-centered instruction, targeted academic intervention programs, parenting workshops, mentoring opportunities, and a variety of student clubs. In addition, our students engage in meaningful service-learning experiences through initiatives such as the American Cancer Society and the American Heart Association. We value and appreciate your continued support and involvement in our school community.

Maria Dantzler, Principal
Ka’Vone Pinckney, SIC Chairperson

Community Involvement

- Relay for Life-American Cancer Society
- Eastern School Alumni
- Festival on the Avenue
- SSD Trunks, Treats & Treasures

2025-2026
Teacher of the Year

“I love RE Davis because of its family atmosphere. The people- the staff, students, and families- are what make RE Davis a special place. I also love that we get to watch our students grow and learn from Pre-K to 8th grade..” Sarah Bell

Vision Statement

R.E. Davis College Preparatory Academy is committed to educating, empowering, and enriching the lives of all students to reach their full potential.

Mission Statement

School Report Card

Summary of Needs Assessment

During our recent school renewal process findings and stakeholder needs assessment reaffirm our commitment to increasing student achievement in reading, mathematics, and science; providing high-quality professional development for staff; and maintaining a safe, supportive learning environment.

Goals

- Implement sustained, job-embedded professional learning in learner-centered instructional practices across all core content areas to increase student engagement and academic outcomes.
- Cultivate strategic partnerships with families and community stakeholders to strengthen engagement, communication, and shared responsibility for student success.
- Leverage ongoing data analysis to inform differentiated instruction, monitor student progress, and drive continuous improvement in student achievement.

Strategies

- Provide a multi-tiered system of supports to meet the needs of every student.
- Continue goal setting with all students
- Offer parent and family workshop events that focus on school improvement.
- Optimize professional development to increase teacher knowledge of best practices

We Offer

- Quest/Gifted and Talented
- Math & Reading Intervention
- Band
- Spanish Classes K-8th grades
