

Dear Parents and Guardians,

At R. E. Davis we are committed to preparing our students for tomorrow's challenges by equipping them to be responsible, successful, and productive citizens in a global society. Our School Improvement Council is always seeking ways to improve our school. The School Improvement Council collaborates with our teachers, administrators, parents and school staff, multiple times a year to discuss test data, survey results, school climate information and develop a needs assessment for our school.

We encourage parental involvement through building relationships, various family centered events, and engaging workshops. We strive to provide effective and timely communication through our school website, social media outlets, and parent newsletters. Administrators maintain an open door policy which encourages communication between all stakeholders.

We proudly offer learner-centered instruction and effective academic intervention programs, parenting workshops, mentoring programs and clubs. Our students learn by serving others through service learning initiatives such as American Cancer Society and the American Heart Association.

We appreciate and encourage your continued support and involvement in our school program.

Maria Dantzler, Principal
Deidra Williams, SIC Chairperson

School Report Card

Summary of Needs Assessment

During our recent school renewal process and completion of the stakeholder-based needs assessment our school and community representatives agreed R.E Davis CPA should continue to focus on increasing student achievement in reading, mathematics and science; provide professional development for school staff, and continue providing a safe and supportive learning environment.

Goals

- Provide professional development in learner-centered classroom instruction in all core content subjects.
- Strengthen home-school relationships between our school and community partners.
- Utilize student data to enhance classroom instruction and increase student achievement.

Strategies

- Implement Advanced Via Individual Determination (AVID) in K-8th grades.
- Provide a multi-tiered system of supports to meet the needs of every student.
- Establish goal setting with all students
- Offer academic programs, parent workshops, and family events that focus on school improvement.
- Optimize professional development to increase teacher knowledge of best practices

We Offer

- Quest/Gifted and Talented
- Math & Reading Intervention
- Chorus/Band
- Spanish Classes K-8th grades
- One to One Technology
- FEV Tutoring for middle school students
- Edmentum Tutoring for 4th & 5th grade students
