Oakland Primary School 2012-13 Annual Report to the Public

The School Improvement Council of Oakland Primary is very proud to provide you with this Annual Report. The report highlights academic programs, service learning projects and accomplishments made during the 2012 school year. We are very proud of our students and staff for their hard work and dedication during the school year, as well as, your untiring support as parents.

The School Improvement Council reviews our school's total program to include the academics, environment, discipline, etc. Innovative ideas and suggestions are made for improvements and new programs. Please take a moment to read this report to discover some of the great things going on at Oakland Primary. If you have questions about this report, please call 499-3366.

Mission Statement

The Mission of Oakland Primary School is to educate the "whole child".

Vision Statement

Oakland Primary School is to provide an appropriate educational experience that maximizes the potential of every child.

Strategies

We will effectively unite the efforts of our staff, students, parents and community in assisting our students to successfully meet or exceed the state, district and school's academic standards.

1. Implement an instructional program that meets the needs of all primary students.
2. Implement an assessment program that measures academic achievement in pre-kindergarten through first grade.
3. Implement a professional development program that meets the needs of the teachers.
4. Recruit and retain a highly qualified workforce.
5. Provide facilities that support high quality, developmentally appropriate, early childhood classrooms both environmentally and instructionally.

Assessments

Kindergarten and first grade students continue to be assessed using the DIBEL'S Universal Screening Process. They are further assessed through the Measures of Academic Performance (MAP) test.

Accomplishments for 2012-13
