Our Beliefs

- All students are our highest priority.
- The family has the greatest opportunity to influence the life of a child.
- Education for all is essential for the survival of society.
- Equal opportunity is an inherent human right.
- Learning is a life long process.
- All students can learn, achieve and succeed in different ways.
- All students’ self-esteem is enhanced by positive relationships and mutual respect among and between students and staff.
- Students learn best when they are actively engaged in the learning process and have appropriate opportunities for success.
- Developmentally appropriate learning activities enhance learning at all levels.
- Teachers, parents and the community share the responsibility for the support of the school’s mission.
- Cultural diversity increases student understanding of different people and cultures.
- Challenging expectations and multi-age grouping increase student performance and enrich the learning and teaching environment.
- Exceptional students require various special services and resources.
- Each student is a valued individual with unique physical, social, emotional, and intellectual needs.
- Instructional practices should incorporate learning activities and take into account differences in learning styles.
- Positive role models are essential for the development of skills and values.
- The pursuit of excellence requires hard work individually and cooperatively.

Sumter School District is an equal opportunity employer.

SIC Annual Goals

Student Achievement, School Climate, and Teacher Administrator Quality are the three goals developed in conjunction with our School Improvement Council (SIC). These goals chart the direction for Rafting Creek's school improvement for the next three years.

- ◆ Goal One: By 2020, Math, English Language Arts, Science, and Social Studies scores will increase by 3% each year respectively as measured by the state test.
- ◆ The Percentage of highly qualified staff at 100% will be maintained through 2020 by retention and professional development.
- ◆ We will provide a positive school climate by maintaining or exceeding the state attendance requirement and by having no more than a 5% suspension rate annually.

Student Achievement

Each year the South Carolina Education Oversight Committee is required by law to provide each public school in South Carolina with a Report Card outlining its performance. This "Report Card" reflects the follows:

Academic Performance

The SC Ready assessment was given to students in grades 3-8 in Spring 2016. Students were assessed in the subject areas of Reading, English, Mathematics, and Writing.

Our School: Percent Met and Above for each grade level as indicated below

Parents / Guardians:

We are progressing rapidly toward achieving our schoolwide goals and objectives.

Our instructional strategies and activities, Measures of Academic Progress (MAP), professional staff development and clearly defined goals and objectives, are all an integral part of our initiative to increase students' proficiency in all areas on the South Carolina Palmetto Assessment of State Standards (SC PASS) and South Carolina Ready (SCReady).

Additionally, as an integral part of our student achievement initiative, we offer academic support to our students through...

- An early morning tutorial program
- An after-school tutorial program

We will continue to strive to meet the academic challenges set before us.

Therefore, we solicit your support and ask that you continue to visit your child's classroom, attend parent conferences, submit suggestions for school improvement, and attend all other school sponsored activities.

We thank you for your past support and we look forward to your involvement in helping RCES fulfill its Mission of providing a quality education for all students.

Sincerely,

Carnise Dennis
