

*Jonesville
Elementary/
Middle School*

Jonesville Elementary Middle School, a Title I school, serves approximately 590 students from 4 year old kindergarten through 8th grade. Our philosophy encompasses the belief that all students can learn. The school's overall goal is to provide the best quality education for all students. A close relationship exists between the school and community, both of whom share high expectations for all students. The school's motto, "One Mission, One Family: To create the best quality education for all students," is supported daily by all stakeholders. Over the past several years, we have learned the importance of technology, collaboration, communication, and teamwork. Our focus on these world class skills continues to help us as we grow. Through the hard work and dedication of our students, parents, community members, faculty and staff, Jonesville Elementary Middle School continues to strive for excellence.

Union County Schools and its stakeholders commit to **students first** in building community, excellence, and lifelong learning.
