School Renewal Plans are created every five years. Faculty and staff reflect upon data and survey information to establish goals for the next five-year period. Hunter Street's plan for 2017-2021 includes the following goals:

Performance Goal Area: School Climate

By 2021, Hunter Street Elementary School will provide a safe and secure learning environment to support the development of the whole child. Specific strategies to meet this goal are:

- Develop/expand resources to support the social/emotional development of students.
- Enhance communications with all stakeholders.
- Provide a safe school environment conducive to learning.

Performance Goal Area: Student Achievement

By Spring 2021, Hunter Street Elementary School students will demonstrate academic proficiency. Specific strategies to meet this goal are:

- Align district curriculum and instructional practices to foster the development of SC Profile of the Graduate through an emphasis on literacy across the curriculum.
- Implement a system of data driven decision making for student growth and teacher quality
- Challenge and accelerate student learning at all levels through various innovative learning opportunities. (extra time and extra help)
- Enhance student learning through the availability and implementation of technology resources.

Performance Goal Area: Teacher and Administrator Quality

By Spring 2021, Hunter Street Elementary School students will demonstrate academic proficiency. Specific strategies to meet this goal are:

- Provide multiple opportunities to enhance staff effectiveness and retention.

Art in Action

Through the Distinguished Arts Program grant, Hunter Street has enjoyed 2 artists in residence this year. In October, 1st grade made pottery. Then in February, our 2nd graders learned to play the harmonica.

Making Learning Relevant and Fun!

Hunter Street has worked diligently to keep our students moving forward in achievement. We are challenging our students on many levels to keep their minds sharp.

As a Professional Development School, our relationship with Winthrop University brings us many interns and field experience students from the university. Fourth grade students participated in the CSI Easter Egg Caper. Students used math, science, and writing skills to follow the evidence and solve the crime. At the end of the year, students in 3rd and 4th grades will participate in The Science Showcase, an open house for parents, to highlight the knowledge and skills learned this year.

As always, our Little Huskies are striving for excellence!
