Summary of 2020-2021 SIC

In order to support the vision of RRMS and to achieve the goal of increasing parent communication, the SIC met monthly to review data, plan strategies, and implement strategic initiatives. Due to the nature of education, the SIC goal is centered around assisting all stakeholders with Hybrid and Virtual learning. Short videos to address parent and student concerns are being added to the school's YouTube channel. This is an added layer of support for our school family.
