SIC Annual Goals

The annual goal for the School Improvement Council is to increase school partnerships. We are developing partnerships with Texas Roadhouse, North Rock Hill Church and the Episcopal Church of Our Saviour.

Student Achievement

Our students take Measures of Academic Progress (MAP) assessments twice a year, once in the fall and once in the spring. Kindergarten through 5th grade students take MAP assessments in Reading and Math. Third through 5th grade students also take MAP assessments in Language Usage. We look for growth from fall to spring.

Bellevue Elementary continued to have very good Math results on the SC READY assessment. Along with outstanding instruction from our teachers, the addition of Math Enrichment and Math Workshop have played a role in the math success at Bellevue.

For more information, you may view Bellevue's "S.C. School Report Card" for the previous school year online at www.ed.sc.gov.

Additional Information

Bellevue has 534 students. There are 302 boys and 232 females. Bellevue is unique because it has four special needs self-contained classrooms and over 100 students with special needs. Our teachers work hard to meet the needs of all of our students.

Bellevue is always looking for reading buddies and mentors for our students. If you would like to be a reading buddy or mentor, please complete a Rock Hill School District volunteer application and contact us. We would love to have you!
