What is a School Improvement Council?

The School Improvement Council (SIC) serves as an advisory committee to the school's principal and faculty. SIC plays a key role in the education of our state's children, bringing together parents, educators, and community stakeholders to work collectively to improve student achievement.

What Are Our Current School Goals?

- Continuous Growth in Student Academic Achievement: Based on SC Ready Math, by 2022, 54% of our students in grades 3-5 will meet or exceed expectations.
- Teacher/Administrator Quality: Teachers and Administrators will build ELA capacity through professional development that will impact student achievement. .
- School Climate: We will increase the percentage of teachers who indicate students behave well in the hallways, lunchroom, and on school grounds. This increase will be measured by the SC Department of Education Teacher Climate Survey.

School of Choice Programs @ EBES

What is Montessori?

The Montessori Method of education is based on Doctor Maria Montessori’s (1870-1952) scientific observations about how children learn as they progress from birth to adulthood. Montessori discovered that children avidly absorb information from their surroundings, and that if these surroundings provide opportunities for learning, that children would readily teach themselves.

What is Inquiry?

Inquiry based learning is a complex learning mindset. It typically works in a cycle that involves making observations, forming questions, investigating the answers, communicating findings, and reflecting on the learning process. Often times, those investigations lead to more questions, and the cycle continues.

Profile of an Inquiry Learner:

- *Self-Control
- *Growth Mindset
- *Social
- *Gratitude
- *Lives as an inquirer/wonderer

Our School's Committees, Grants and Activities

Safety Committee
