

Purpose of SIC

Mandated by law, the School Improvement Council (SIC) serves as an advisory group to the school. The SIC brings together parents, school faculty, and community stakeholders to work together to collectively establish, monitor, and evaluate specific long and short range goals for student achievement. In addition, the SIC is a resource for parents, community members, and faculty members to share ideas and concerns about the school. Other functions of the SIC are to provide an annual school report to parents and the community and increase parental awareness and involvement of SIC initiatives.

2016-2017 GOALS

- 1) Reestablish SIC as its own parent advisory committee separate from the PTA.
- 2) Promote 4-year old and 5-year old kindergarten enrollment to all areas of our zone for early registration.
- 3) Increase parent involvement within the school.

Who We Are

Finley Road Elementary school was established in 1957. We are currently a Title 1 school and serve 375 students and their families. The following quote best personifies the mindset of the faculty and staff at Finley Road:

“We are here because we love the children. Teaching is woven into the tapestry of who we are. We need it. We love it. We were called to teach. It has never been about the salary, the recognition, or the misconception of only working nine months and having summers free with our families. Rather, it is the joy of knowing that we are not only teaching young minds, but we are also touching tender hearts.”

Academics

We are committed to providing a strong, well-rounded education through a comprehensive curriculum. Our experienced educators provide the instruction, motivation and belief in the students to perform at their instruction level. We introduce students to the arts by sending them to plays, musicals, ballets, and other performances at local theatres. Our students also participate in various art and musical productions throughout the year.

Some of our favorite events have been:

- Author Luncheon with Patricia Polacco
- Battle of the Books
- Science Bowl
- Spring Music Show
- Reading Safari Night
- Math Carnival Night

Enrichment

Developing the whole child is very important to us. We provide a high quality learning environment that is balanced with life-enriching experiences. Our ultimate goal is to establish a solid foundation upon which student can build successful, happy, and productive lives.
