Vision

Preparing ALL Students for a Successful Future!

Mission Statement

Oakdale STEAM Elementary School will ensure that ALL students are empowered to think critically, collaborate, and become lifelong learners in a positive learning environment.

SIC Annual Goals

In the fall, the Oakdale SIC members reviewed the 2018-2019 School Improvement Plan. The SIC's goal this year and next is to increase parent engagement. They developed and administered a survey to all Oakdale parents to determine what helps them, as well as barriers to involvement. The information will be used to create different opportunities for parents to engage, including online.

Power of Mentoring

- Continued Power of Mentoring
- Mentors include local community members, Call Me MISTER Program at Winthrop University, and students additional students from Winthrop University
- Mentors meet with mentees weekly, usually for lunch
- Mentors have provided over 300 volunteer hours to date for 2018-2019

Student Achievement

This year MAP and SC Ready testing results indicated significant improvements in math. All grade levels demonstrated growth in students meeting their math and reading MAP growth targets. We continued to have

scheduled time for Response to Intervention (RtI) for all grade levels during the school day to accelerate and remediate students. Our Student Progress rating on the South Carolina School Report Card was Excellent, and our overall rating was Average. For more information, you may view Oakdale's report card online at www.ed.sc.gov.

School Achievements

- Opened new makerspace August 2018 to enhance STEAM
- Students performed and sponsored at booth at the in the 1st Annual
- Over 100 teachers from Oakdale, Saluda Trail, South Pointe, Winthrop University, and St. Anne's Catholic School participated in Project Based Learning training with instructors from the Buck Institute for Education in June 2018 to enhance STEAM learning for students
