Mount Gallant Gives Back

Community involvement is a key component to our school’s success. We believe that our students should have awareness of the needs of our community and beyond. Throughout the school year, the MGES family has donated money, time, and support to our community.

Purpose of SIC

Mandated by law, School Improvement Council (SIC) serves as an advisory group to our school. SIC brings together parents, school faculty, and community stakeholders to work together to collectively establish, monitor, and evaluate specific long and short range goals for student achievement. In addition, SIC is a resource for parents, community members, and faculty members to share ideas and concerns about our school. Other functions of SIC is to provide an annual school report to parents and the community and increase parental awareness and involvement of SIC initiatives.
