*The Mission of Saluda Trail
Middle School, working
with parents and our
community, is to provide a
safe-environment which
promotes both academic
excellence and self-esteem.*

*Our goal is for students to
achieve their maximum
potential and become
creative thinkers who
respect
the world around them.*

The School

Saluda Trail Middle School is one of five middle schools located in Rock Hill School District. It is a STEM feeder school. Many students from Oakdale Elementary go through Saluda Trail and then on to South Pointe High School learning curriculum with a Science, Technology, Engineering, and Math (STEM) focus.

Saluda Trail Middle School is also a "School of Choice" in Rock Hills Schools.

*Once a Wildcat,
Always a Wildcat!*

The Campus

CURRICULUM

Saluda Trail Middle School's teachers teach students using the SC College Career Readiness (SCCCR) standards.

Our school is one of the few middle schools working alongside PersonalizeSC and has been focusing on the Learning Competencies for the 2021-2022 school year.

ABC GRANT

The Related Arts department was awarded the *Arts in Basic Curriculum* Grant for the 8th consecutive year. This turns our STEM accreditation into STEAM. Arts in Basic Curriculum seeks to integrate the arts into the core content as well as core ideals into the arts classrooms. This year the funds have been appropriated to support such activities as upgrading our outdoor garden through the purchase of stones which students are painting with their favorite quotes as well as our STEAM characteristics. This grant also allows STMS to have artists in residence to help student enjoy various art forms.

Special Features

STMS OFFERS...

- An up-to-date MakerSpace that is stocked with a 3D printer, vinyl cutting machine, laser printer, and a flexible workspace.
- Classrooms that focus on blended learning or use the workshop model.
- Flexible learning pods throughout the building.
- Club Day Fridays where students can join a club of their choice that encourages or fosters common interests.
