Kay DeWalt, Lead Teacher

Angie Padillo, Assistant Principal

Narrative

The 2020-2021 school year has been unlike any other. Our focus at Riverview this school year has been on safety and on the instruction of priority standards. We are also working on the social and emotional learning needs of our students.

Vision Purpose Beliefs

VISION

Because children are the future, we use our ingenuity and imagination to challenge and inspire our students to exceed their expectations, achieve their greatest dreams and create a better community. That is why we place Children First ...Every Day.

PURPOSE

In the tradition of excellence, Fort Mill Schools place *Children First . . . Every Day* by providing an innovative and rigorous education that empowers all students to achieve their greatest success.

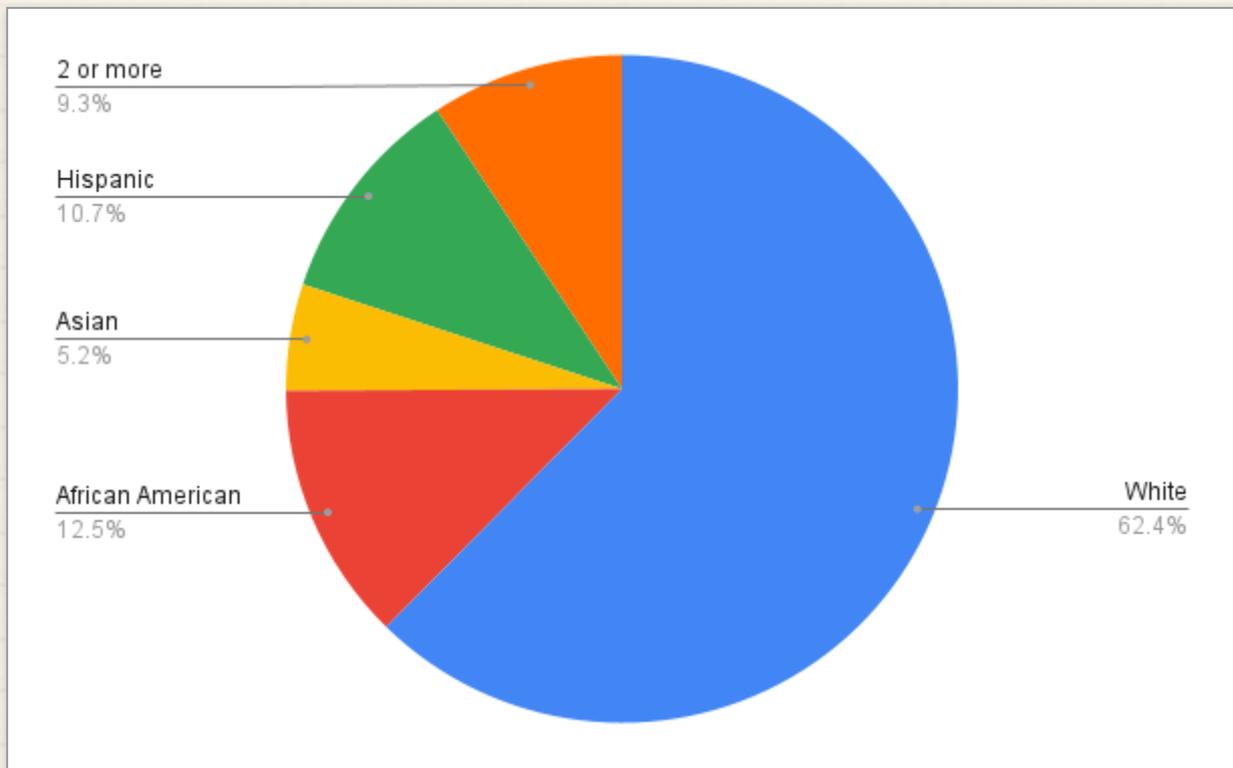

BELIEFS

We believe:

- Children are our priority.
- An innovative, rigorous, and engaging education provides the foundation for success in the lives and careers of our students.
- High expectations, integrity and perseverance promote excellence.
- Everyone has worth and value and should be treated with respect and dignity.
- Recognizing achievement and celebrating success builds a culture of excellence;
- Meaningful, transparent communication and dialogue foster community trust and support.
- Dynamic leadership, collaboration and continuous improvement enable our schools to be globally competitive.
- The student, the family, the school, and the community share a commitment and a responsibility for student development.
- Children should be provided with the resources and facilities to achieve their greatest success.
- The school community should be a safe, healthy, and supportive environment.

RIVERVIEW ELEMENTARY DEMOGRAPHICS 2020-2021

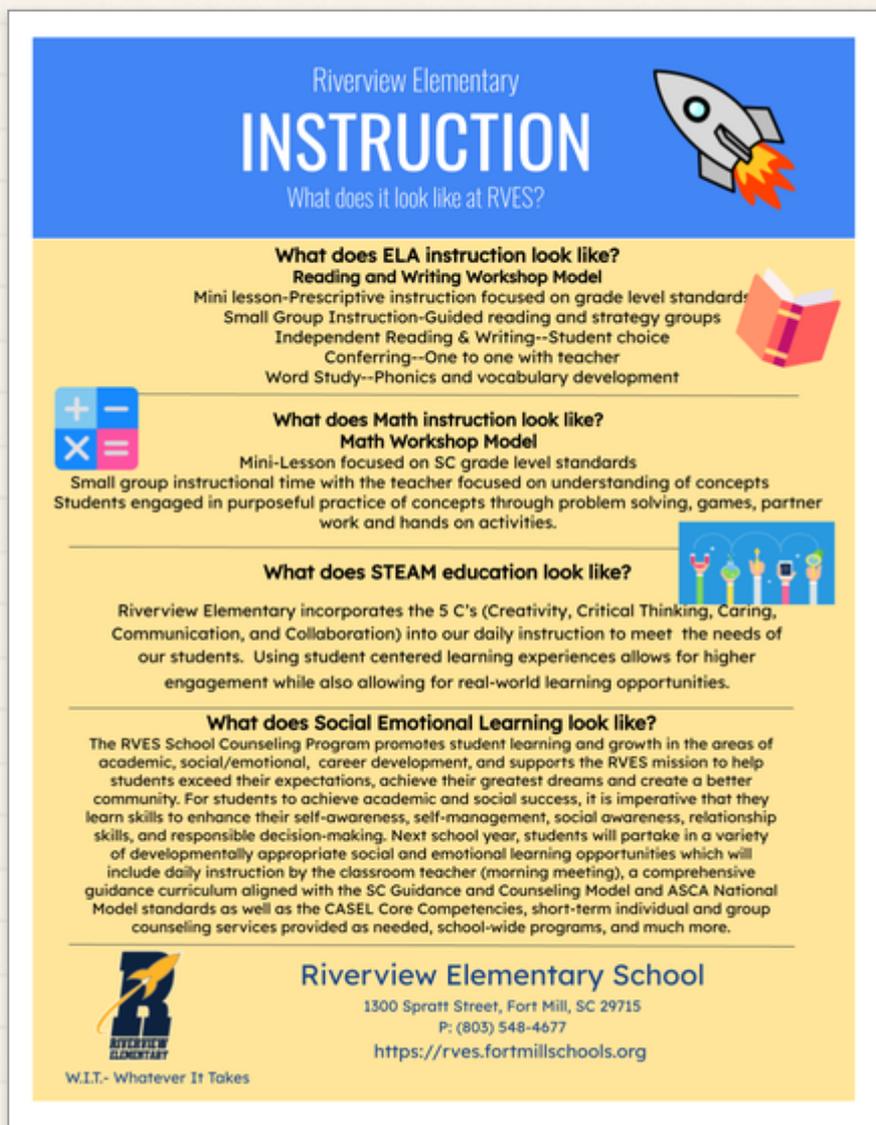

Title 1 Targeted

We have been fortunate to be designated as a Title 1 Targeted school. Title 1 is a federally funded program designed to assist students in reading and/or math throughout the 2020-2021 school year. The funds enable us to provide additional support for identified students in the areas of reading and math, to purchase supplementary supplies and materials for our students, and to support parent and family engagement. Our program, Learning Experiences in Math and Reading, provides extra assistance during math and reading instruction. The Title 1 teachers work with children in small groups or on an individual basis and we monitor the progress of these interventions. This instructional support is in addition to what the classroom teacher provides.

Students are identified using end of the year individual assessment scores, teacher judgment information, and parent input.

The classroom teachers work to support Title 1 targeted students in the classroom as well as one of our Title I interventionists. In addition to instructional support, families are also invited to Title I meetings and family nights during the year. More information about Title I is on our school website.

Riverview Elementary
INSTRUCTION
What does it look like at RVES?

What does ELA instruction look like?
Reading and Writing Workshop Model
Mini lesson-Prescriptive instruction focused on grade level standards
Small Group Instruction-Guided reading and strategy groups
Independent Reading & Writing--Student choice
Conferring--One to one with teacher
Word Study--Phonics and vocabulary development

What does Math instruction look like?
Math Workshop Model
Mini-Lesson focused on SC grade level standards
Small group instructional time with the teacher focused on understanding of concepts
Students engaged in purposeful practice of concepts through problem solving, games, partner work and hands on activities.

What does STEAM education look like?
Riverview Elementary incorporates the 5 C's (Creativity, Critical Thinking, Caring, Communication, and Collaboration) into our daily instruction to meet the needs of our students. Using student centered learning experiences allows for higher engagement while also allowing for real-world learning opportunities.

What does Social Emotional Learning look like?
The RVES School Counseling Program promotes student learning and growth in the areas of academic, social/emotional, career development, and supports the RVES mission to help students exceed their expectations, achieve their greatest dreams and create a better community. For students to achieve academic and social success, it is imperative that they learn skills to enhance their self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. Next school year, students will partake in a variety of developmentally appropriate social and emotional learning opportunities which will include daily instruction by the classroom teacher (morning meeting), a comprehensive guidance curriculum aligned with the SC Guidance and Counseling Model and ASCA National Model standards as well as the CASEL Core Competencies, short-term individual and group counseling services provided as needed, school-wide programs, and much more.
