Mission

Gold Hill Elementary School in partnership with its students, parents, community, and the Fort Mill School District will put children first by committing to create an environment that nurtures academics, responsibility, and leadership.

Vision

Our vision for GHES is to provide a safe, positive and nurturing learning environment where all students are encouraged to achieve their academic and personal goals. We value a collaborative community as we prepare our students to become leaders in an ever-changing global society.

What is School Improvement Council?

The School Improvement Council (SIC) serves as an advisory committee to the school's principal and faculty. The SIC plays a key role in the education of our state's children, bringing together parents, educators, and community stakeholders to work collectively to improve student achievement.

We believe the success of our school is a direct result of the strength of our curriculum and the commitment of our students, teachers, administration, parents, and community leaders. In our role the SIC is committed to the improvement of the school, its achievement, and the development of strategies to enhance the well-being of our students.

The SIC meets monthly to discuss current events of our school and our district. Our meetings are open and guests are welcome to join us.

Purpose of this Report

This report is issued by the Gold Hill Elementary School Improvement Council in accordance with South Carolina Law to share information on the school's progress in meeting various goals and objectives in the school's strategic plan.

Healthy School Initiatives

GHES is proud of our Healthy School Initiative aimed at helping children make conscious choices in fueling their bodies and exercising.
