A Little about School Improvement Council

A School Improvement Council (SIC) is an advisory body to the principal and school. State law requires that every K-12 public school have an SIC that includes:

- At least two parents elected by parents.
- At least two teachers elected by teachers.
- Community members who do not have children enrolled at the school, appointed by the principal.
- The principal and other ex-officio members.

Mission and Vision

School staff have been working hard on our mission and vision for India Hook. We want to take the time to make sure this is impactful and something that we can live day in and day out. India Hook wants to make sure we reach all students and make sure

school is a place to thrive for both teachers and students. When looking at the State Report card we went from an average school to GOOD with a score of a 59. This is only 2 points away from being classified as an Excellent School.

Kindergarten Fun

Kindergarten gets to make Gingerbread houses with their family before going home for Winter Break. Here is a silly photo before joining in the fun.

101 Day of School

What's more fun than dressing up like you are Dalmation dog for the 101 day of school. Kindergarten also had fun on the 100th day dressing up like a hundred year old.

Coffee Cart

Our Building Bridges students deliver coffee once a week to fill orders for staff. They are learning life skills of how to take order, socialize with customers, and complete a job from start to finish.

Reading Buddies

What is better than starting your day off with a Reading Buddy each morning? A handful of 5th grade students read with 1st graders to start their morning and build a love of reading. Each morning they work in the library to help build fluency and confidence.

Veteran's Day Program

This year we were able to continue our Veteran's Day tradition. Students waved flags, sang songs, and celebrated with Veterans who were able to attend. Veterans from all branches of service were celebrated.

Leader in Me

India Hook has started its journey with Leader in Me this school year. It talks about the 7 habits and how we can all be leaders. We have started with giving all students a leadership position in class and staff members having accountability partners. We are looking forward to school wide implementation next year.
