PURPOSE OF REPORT:

As mandated by Act 135, the School Improvement Council for IIS has developed this report for our parents and community to highlight the progress this school is making in achieving the goals established by the school's five-year strategic plan.

GOALS

I. Increase Student Achievement

- iReady goal-setting and reflection
- Usage of Fountas & Pinnell, iReady, and SCReady data to guide instructional decisions
- Differentiated instruction
- Small-group instruction
- Leveled Literacy Intervention

II. Impact Teacher Growth

- Ongoing school-based professional development
- All teachers highly-qualified
- Meaningful teacher observations, feedback, and reflections
- Student Learning Objectives (SLO's)

III. Stakeholder Involvement

- Contacts involving automated messenger, phone, email, text message, and communication apps
- Grade level newsletters
- School website and social media presence
- Family Nights involving STEAM, literacy, and instructional technology
- Fine Arts opportunities
- Parent conferences and workshops
- Stakeholder surveys and feedback

CHALLENGES

- Continue meaningful and intentional integration of instructional technology.
- Continue to balance best practices in literacy with STEAM, Arts Infusion, and 21st Century Learning.
- Continue to engage parents and community members in meaningful partnerships.
