Year In Review

The 2017-2018 academic year has been another outstanding year for Buist Academy. We continue to achieve high scores on all standardized tests including SCREADY, SCPASS and Algebra EOC. We started the year with a goal to focus on student growth and children are continuing to make gains.

Our International Baccalaureate curriculum provides a framework for instruction which emphasizes inquiry, interdisciplinary connections and collaboration.

Buist Academy continues to take action in the local community and beyond by participating in various programs such as book drives and environmental clean up programs.

School Renewal Goals

We will work to maintain academic excellence through hands on inquiry driven learning, professional development for our staff and the development of professional learning communities. We will also continue to expand professional, development opportunities for teachers, work to increase diversity within the school population and develop partnerships within the Charleston community.
