## Mission Statement

Mount Holly will empower students with the ability to think critically and collaborate to solve complex problems. Mount Holly students will develop strong work ethics and effective communication skills that will enable them to become life-long learners both mentally and physically.

## SIC Annual Goals

In the fall, the Mount Holly SIC chose to continue our focus on student mental and physical health. The Mount Holly SIC decided to embrace two projects for this school year. First we wanted to enhance our school's track by adding exercise stations around the track, this should be completed by the beginning of the 2017-2018 school year. We also, wanted to encourage students by giving them positive notes. The first positive notes came in the form of dog tags with words of encouragement. The second came in the form of magnets that had positive quotes for students and teachers.

## School Facts

- Mount Holly opened in 2008.
- Mount Holly serves 488 students in grades K-5.
- We have 31 certified teachers, with approximately half of those having advanced degrees.
- Student teacher ratio is 22:1

## Quotes from our 5th graders

- "Learning is just one of the things we do. We get to know each other, discuss things, and work our problems out together."
- "You can tell our teachers really care about us."
- "We have a great school where everyone interacts well with each other."
- "This school is awesome because of the teachers. They take the time to really help you learn."

## Core Beliefs

- Learning depends on basic needs (emotional and physical) being met.
- All individuals have intrinsic worth.
- Reading is the foundation for unlimited learning.
- All individuals can learn.
- Understanding diversity enriches learning.
- Adults enable students to fulfill their potential by developing positive relationships with them.
- Increasing the rigor of our work will enhance student learning.
