### Purpose of the Report

In accordance with South Carolina law, the School Improvement Council of Lyman Elementary issues this report to provide information about Lyman’s growth toward meeting many goals and objectives, the work of the SIC, and other achievements.

## Additional Information

Our school community continued to learn and grow as we navigated our way through a post-Covid school year. We continued to make it our goal to provide a strong and rigorous education. The administration, faculty, and staff work hard to ensure students' needs are met academically, socially, and emotionally. We are also blessed to have a strong familial relationship with our stakeholders.

Our school continued to offer two half-day 4K preschool, 1<sup>st</sup>- 4<sup>th</sup> grade after school program, and a true 1 to 1 learning environment, where all students were provided a personal Chromebook. We have worked hard to provide students with learning opportunities geared towards technology and the 21<sup>st</sup> century.

We boast a faculty and staff which is made up of highly qualified educators who are driven provide rigorous instruction daily based on the South Carolina Curriculum Standards. These dedicated individuals spent many hours to extend the learning beyond the school day. Our 845 students are

provided a variety of academic and extra-curricular activities beyond the traditional classroom, such as Character Education, Creations, Lyman Art Makers, Honors Chorus and 3<sup>rd</sup>/4<sup>th</sup> Grade Chorus, Ambassadors, and drum ensemble. We were also proud to welcome parents back in the building for Breakfast with my Buddy, Clay Café, Evening with the Arts, and Family Learning Night.

Our school continued to thrive because of the wonderful support of our PTO and SIC involvement. These two groups allowed for various community events, fundraisers, and additional resources for teachers and students to be provided. Our Lion family continues to be blessed with wonderful people who enrich the lives of our lion cubs.

The school will continue the overall focus of school safety, positive behavior initiatives, and preparing our students to meet the requirements of the Profile of the South Carolina Graduate.

## SCHOOL GOALS

- Develop an academic atmosphere that promotes rigor and high expectations for all students to prepare them to become College-and-Career-Ready
- Develop strategies to provide and implement a warm and positive learning environment
- Create a professional environment to attract and support a highly qualified, diverse core of teachers and staff members
- Develop relationships with families and community stakeholders to enrich and support the well-being of our students.
