Drama productions of the "Seussical" and "No One Heard Me Cry" were a great success, breaking previous attendance records.

## ACADEMIES

In 2014 -2015 Cane Bay High School will implement career academies and adopt a new A-B year-long class schedule.

The ultimate goal of the Academy model is for schools to have formed solid community and business partnerships that are represented in the academies of the school. Academies will eventually lead to training opportunities, program assistance, job placement and curriculum development opportunities in the community. The demand of the local job market will drive these relationships and shape the future structure of the academies at CBHS. Research has shown this model to be effective in supporting the transition to high school and ultimately producing students that are college and career ready upon graduation. We look forward to the challenges ahead and we continue to expect great things from our students, faculty and community.
