Teacher of the Year

Ms. Emily Doyle, First Grade

As I think of my classroom and my students, I am honored to play the role that I do. It amazes me to think I am helping to build a foundation that will last a lifetime. The foundation I help to build is not just academically, but socially as well. Teaching involves helping students gain understanding to use skills throughout all aspects of their lives. It warms my heart to know that when my students become astronauts, teachers, firefighters, or artists, I helped prepare them academically and socially in order to succeed. It is an honor to teach students skills that last them a lifetime and a blessing to be surrounded by so many little ones each year that have a major impact on my life.
