World Class Work and Life Skills

At Cane Bay Elementary, we strive for excellence and believe all students will be successful, world class leaders upon leaving our schools as graduates. We are committed to providing opportunities for students to use the skills of adaptability, advocacy, collaboration, communication, critical thinking, initiative, and resilience to be active participants in their own learning.

Cane Bay Elementary believes strongly in the whole child approach that allows students to grow academically, socially, and emotionally. Students have opportunities to build healthy relationships, embrace diversity and problem solve while learning. Social emotional learning and work and life skills are important to the success of all children. Students are provided opportunities that encourage strong work ethics, improved communication skills, and the ability to problem solve and persevere.
