

School Organizations and Contacts

Our School Improvement Council (SIC) serves in advisory to the principal and is focused on helping to achieve school improvement. The SIC is comprised of parents, community partners and staff; members are elected and appointed. They support all school-wide initiatives - student achievement,- school climate, beautician project, and school partnerships.

School Highlights & Awards

Langford Elementary is helping all students develop the world-class skills, life and career characteristics of the Profile of the South Carolina Graduate by providing a foundation for students to develop a love of learning. Our mission and ongoing goal is to create an encouraging environment that fosters respect and trust for all learners while nurturing the development of the whole child through engaging meaningful and challenging learning experiences that prepare our students for college and career readiness. To accomplish this goal, teachers and staff provide students differentiated and engaging lessons while the School Improvement Council (SIC) and Parent Teacher Organization (PTO) work collaboratively to help create an invigorating and exciting school culture.

We Believe.....

...children are the first priority.... Maximize every moment, of every day, with every child.

We Believe...

...in a learning community of respect, promoting positive character and good citizenship...All members of the learning community practice respect, responsibility, and support one another in a safe and positive environment. Our positive thinking creates positive actions that equal positive results (N3).

We Believe...

...the relationship between home, school, and community promotes student success. Everyone concerned with the child's development has a unique role in this partnership.

Langford Elementary is a positive safe and encouraging environment that nurtures the development of the whole child. We believe children are the first priority.... Maximize every moment, of every day, with every child.

Langford Elementary has developed a sense of community that has extended beyond its walls. Not only do our students, teachers, and families enjoy activities such as a winter family dance, and spring Lab Fest, but our greater community has benefitted from our service projects. We have raised money for Pennies for Patients and donated food from our Carolina/ Clemson food drive to our Backpack Program and to local food banks. We have partnered with the Military Child Education Coalition, who will sponsor educational workshops that will benefit the parents and the Langford Community. Langford has successfully established partnerships with community stakeholders; significantly increasing growth and academic achievement. We commend our community partners, parents, teachers, and students for their successes in making Langford a wonderful place for teaching and learning.

Richland School District Two does not discriminate on the basis of race, color, religion, national origin, sex, disability, age, or other protected characteristic in its programs and activities.

Goals for the next school year

Student Achievement

- Focus on individualized instruction through data driven decision making and differentiated instruction.
- Provide engaging opportunities for students to demonstrate academic achievement.
- Utilize strategies to promote a student center environment where all students can be successful.

School Climate

- Provide a safe and secure environment utilizing P.A.W.S for Great EFFORT and The 7 mindsets.
- To celebrate the successes of students, staff and faculty.
- Provide an encouraging environment that fosters respect and trust for all learners, while nurturing the development of the whole child.

Parents and Community

- Expand partnerships with families and the community .
- Provide more opportunity for military and non-military families to become involved in school activities and the Langford community .
- Utilize various resource to promote healthy, social and community awareness .
