

School Organizations

School Improvement Council (SIC)

Our School Improvement Council serves as an advisory to the principal and is focused on helping to achieve school improvement. The SIC comprises parents, community partners, and staff; members are elected and appointed. They support:

- **All school-wide initiatives**
- **Student achievement**
- **School climate**
- **Beautification projects**
- **School & community partnerships**

Our Beliefs

We Believe.....

children are the first priority. Maximize every moment, of every day, with every child.

We Believe...

in a learning community of respect, promoting positive character and good citizenship...All members of the learning community practice respect, responsibility, and support one another in a safe and positive environment. Our positive thinking creates positive actions that equal positive results (N3).

We Believe...

the relationship between home, school, and community promotes student success. Everyone concerned with the child's development has a unique role in this partnership.

School Highlights

Langford Elementary is helping to develop the world-class skills, knowledge, life, and career characteristics expected of all students, as aligned in The Profile of the South Carolina Graduate. At the heart of everything we do are our core values: Belonging, Learning, Continuous Improvement, and JOY. Through engaging and authentic learning experiences, we strive to ensure that all students develop their unique gifts, talents, and strengths while building a strong foundation and a lifelong love for learning. At LES, we are committed to continuously enhancing our curriculum to meet the diverse needs of each learner. We do this through hands-on learning opportunities, differentiated instruction, structured literacy, our district-wide instructional model, a balanced math approach, and the integration of AVID strategies. We take great pride in fostering a positive and supportive environment where respect and trust are cultivated among all learners. Our focus extends beyond academics, as we are dedicated to supporting the holistic development of each child. By providing meaningful opportunities for deeper learning both inside and outside the classroom, we strengthen connections between school, home, and the broader community. Our vision is for every student to thrive in an environment where they feel connected, supported, engaged, and successful. We also recognize the critical role of social-emotional learning in student success. Through the schoolwide implementation of Conscious Discipline and by modeling our core values daily, we empower students to manage their emotions, solve problems effectively, and develop the skills needed to become confident, compassionate, and resilient individuals.

sex, disability, age, or other protected characteristic
in its programs and activities.*

Goals for 2025-2026

- Through collaborative efforts, design and enhance a vibrant, welcoming outdoor space that will engage students in fostering pride, inspire creativity, and promote a sense of belonging for all.
- Increase partnerships with community stakeholders by creating access to deeper real-world experiences through service learning opportunities.
- Continue developing a New Family Ambassador program to establish and support relationships with newly enrolled families.
- Create an SIC Spotlight in the Fetcher to provide various tips to families and increase general awareness of SIC.
- Decrease tardiness and increase attendance with High Five Fridays.
