

For the 2018-2019 academic year, AJW has been focused on growing each student to their full potential while also embracing and celebrating our neighborhood and our namesake, Mr. Abraham Jonas Whittenberg. As part of our Black History Month celebration, we installed a timeline of Mr. Whittenberg's life and the Civil Rights struggle and established some awards in his honor for our community leaders.

2018-2019 SIC Members

- Sherrica Sims, Chair
- Regina Bryson, Co-Chair
- Shammond Williams, Community Member
- Pam Adams, Member
- Makeisha Jennings, Member
- Suzanne Masterson, Member
- Lynn Williams, Member
- Dr. Susan Stevens, Principal
- Dorsey Ward, PTA President
- Marleen Hygema, Administrative Assistant
- Dr. Kristin Schulze, Instructional Coach
- Deb Blume, School Counselor
- Lynn Mann, Program Director

Engineers Make A World of Difference!

School Profile

School Enrollment: 541
Administrators: 3

Grades: K4 - 5
Teachers: 38

Mission: We, at AJW, create a culture of respect and highest achievement, uniquely aligned with engineering principles, that best prepares a diverse group of learners to succeed in the 21st Century.

Vision: Essential 18
Rock the Top
Power Through Partnerships
We Own Wow!

A Pioneer for the Upstate

Engineering focused, problem-based curriculum

88,232 square foot, three story facility

Building designed to facilitate learning and the engineering curriculum

Leadership in Energy and Environmental Design (LEED) for Schools Silver certification

Downtown Greenville location adjacent to the Swamp Rabbit Trail and Reedy River

Co-located with the Salvation Army's Ray & Joan Kroc Corps Community Center (shared facility space)

Student-designed playgrounds

26 Junior Lego Robotics and FIRST Lego League (FLL) Robotics teams

Goldie Blox Club

Challenge Program for Gifted and Talented students

Award-winning Innovate! program

Class-size Mars topographical map

Green Roof

Solar Panels

STEAM Labs

6 different types of Robotics curriculum

3D Printers

CATCH Program

School Garden

AJ Night at Flour Field

Walk to Run Program

Leveled Bookroom

Robust after school programs

STEAM-focused Summer Camps

Awards & Recognitions

- 2018 People's Choice Award for Greenville Christmas Parade float
- FLL Lego Robotics State Championship participant (6th year straight) for Agents of Fury
- Global Innovation Award (GIA) State Finalist for FLL Robotics Team Agents of Fury
- 2018-19 South Carolina School Counselor of the Year for Ms. Deborah Blume

Rock the Top

We take hands on, authentic learning to a whole new level. Our students get to participate in field trips that were specially designed for our school, curriculum, and state standards. Each grade level does at least one "big" field trip along with a multitude of other educational experiences throughout the year.

- K5 – Riverbanks Zoo, Columbia, SC
- 1st – Hubbell Lighting Workshop, Greenville, SC
- 2nd – SC State Fair, Columbia, SC
- 3rd – Historic Charleston, SC
- 4th – Space Camp, Huntsville, AL
- 5th – Naval Flight Academy, Pensacola, FL

WE OWN WOW

A.J. Whittenberg Elementary School of Engineering believes in a student-centered approach to learning that addresses the whole child and works with parents and the community to fully develop the academic, social and problem-solving skills of each child. AJW students are equipped with all of the skills necessary to meet the demands of the 21st Century workplace and not only succeed, but lead the way!

AJW was the first elementary school in South Carolina to offer an engineering-focused curriculum for all students. Beginning in pre-kindergarten, students learn the Engineering Process and apply this to a problem-based curriculum. The school leverages the many engineering-focused companies in the Upstate to bring real-world engineers into the classrooms on a regular basis. These business partnerships offer a wealth of benefits to AJW students including expert instruction, field trips, mentoring, career path development and other opportunities. Special programs such as Lego Robotics, Engineering "eWeeks", Goldie Blox and STEAM-focused festivals enrich learning for students of all ages.

Engineers Make A World of Difference!

Power through Partnerships

A major portion of AJW's success is due to robust partnerships with many community organizations and major engineering-focused corporations. Since the school's inception, AJW students have benefited from real-world engineering instruction from Fluor, GE, Hubbell Lighting, Michelin, and others. Today, those partnerships continue to grow and expand including, the Greenville Drive, iImagine Upstate, Jacobs Engineering, O'Neal Engineering, Renewal Water Resources (ReWa) and its DIG Greenville project, St. Peter's Episcopal Church, First Baptist Simpsonville, Project Host, YouthBASE and many others. We offer a special thanks to those who choose to give anonymously to our many programs.

New Technology

AJW students received new Chromebooks in 2018. In addition to 1:1 computing, AJW students have exposure to a variety of technology to reinforce math, engineering, coding, and other STEAM concepts. You can find our students using technology such as 3D pens, many different types of robots, and programmable circuit boards (Raspberry Pi, Arduino and MakeyMakey). The tools are integrated into all subject areas so that students have wide exposure and are comfortable with a range of technology tools and systems. This technology helps to engage students in all subjects, including ELA, public speaking and team work.

Essential 18

Team work and social skills are major components of the AJW approach to learning. From day one, students are taught the school rules called the Essential 18, which are the character development and soft skills that students will need to succeed.

Eye contact, good manners and effective communication skills are incorporated into the Essential 18.
