A Message from Our Principal

Hunter Kinard Tyler Elementary School highest priority remains to be academic excellence for all students. Our 2022– 2023 school theme is “Be the Difference” .

To this process, teaching and learning will be sustained through collaboration, implementation of curriculums, effective instructional practices, professional development and SC College and Career Ready Standards. Students will be progressed monitored and programs will be evaluated for effectiveness.

HKTE 2021-2022 performance data, SCREADY/SCPASS, showed a lost in all tested subjects. However, currently 41% of our students are performing on grade or above grade level in ELA and 36% of our students are performing on grade level in Math according to the iReady Test during the 2022—2023 academic school year.

To ensure continuous student achievement, we will persist in building and sustainment of a student centered learning culture by which students are safe and supported along with viable curriculums that engage and challenge every student.

As principal, I remain committed to creating a school culture beyond mediocrity in that students are global learners and prepared for success at the next level and seek out efforts to involve all stakeholders in the educational process.

With much anticipation for the success of our students and school, I look forward to working with our parents and communities.

Together, We Are The Difference!

Gloria D. Jenkins
Principal
