OF AMERICA

**FIRST**  
ROBOTICS  
COMPETITION

**FBLA**

FCTC students have the opportunity to participate in several student organizations as an extension of their respective programs. Career and Technology Student Organizations help develop students in essential skills such as problem solving, communication, team work and interpersonal skills. They help students gain a positive image through competitive skill events, academic rigor, leadership development and service learning projects. Students who participate in (CTSOs) serve their communities and state with pride while gaining a competitive edge in the workforce and post-secondary colleges and universities.

## News from FCTC

During the 2020-2021 school year, FCTC has partnered with ARC Steel Industries. ARC Steel is one of the newest industries that relocated to Winnsboro to take advantage of the growing labor market. ARC Steel will be providing students opportunities in the areas of internships, co-ops, weekend work, part-time jobs and full time employment for graduates of Fairfield Central High School and completers of the welding program located at Fairfield Career and Technology Center.
