The purpose of this Report to the Parents is to give an update on the performance and progress being made toward the school's improvement goals. In this report, we have provided brief goals, programs, activities, achievements, and awards that were earned by our students.

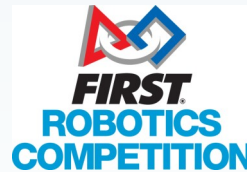

School Goals 2018-2019

- ◆ To increase the number of Industry Certification Exams offered by Fairfield Career and Technology Center programs to 100%
- ◆ To increase the number of students who are successful on Industry Certification Exams to 90%

Student Opportunities

Fairfield Career and Technology Center is a Technology Center's That Work Site.

FCTC students have the opportunity to participate in several student organizations as an extension of their respective programs. CTSOs help develop students in essential skills such as problem solving, communication, team work and interpersonal skills. They help students gain a positive image through competitive skill events, academic rigor, leadership development and service learning projects. Students who participate in Career and Technology Student Organizations serve their communities and state with pride while gaining a competitive edge in the workforce and post-secondary colleges and universities.

School Recognition

During the 2018-19 school year, FCTC students participated in several student organization competitions across the state.
