## OUR MISSION

The 2012-2013 school year began at Port Royal Elementary School with a new principal, Chavon Browne. Her first priority was narrowing the focus of the school to ensure students' academic success. In conjunction with the School Improvement Council, the team revised the school's mission statement.

New school logo created by 5th grade student Zante Copeland.

The new mission statement was adopted on October 9, 2012 by the SIC and states that the mission of Port Royal Elementary school is "To create a learning environment that provides all children with the opportunity to grow academically, physically, socially, and emotionally, while promoting college and career readiness characteristics that will actively involve them in the global society."

## ABOUT SIC

This report is provided to parents in compliance with the Education Finance Act (EFA) of 1977, the education Improvement Act (EIA) of 1984, and the Elementary and Secondary Act (ACT 135) of 1993. It presents information about school accomplishments during the 2012-2013 school year.

Our School Improvement Council reviews our goals and achievements, challenges, and successes during the school year, and reports the progress to our school family of students, parents, and teachers, and our community. At Port Royal Elementary School, we believe in Staying On COURSE until we reach our destination—Success!

### Current SIC GOALS

1. Include and increase parental and community involvement to help meet needs of the students and the school.
2. Continue to involve the local community by building upon the 2011 Centennial Celebration of Port Royal Elementary as center of Town for 100 years.
3. Increase engagement of the community and promote collaboration to revitalize the role of PRE in the community as an outstanding neighborhood school for the 21<sup>st</sup> century.

## HOME/SCHOOL CONNECTIONS
