

Report Card Rating

State and federal laws require public schools to release report cards to the public each year. This year, the South Carolina Department of Education and Education Oversight Committee released school and district report cards as part of the state's merged state and federal accountability system. Gordon Elementary School's 2018 report card reflects school performance factors from the 2017-2018 school year. Gordon received an overall rating of Unsatisfactory on the 2018 SC State Report Card.
