

A Message from the SIC

Lucy T. Davis Elementary School is helping all students develop world class skills along with the life and career characteristics of the Profile of the South Carolina Graduate by providing a safe and engaging learning environment where students are encouraged to reach their greatest potential. Our faculty, staff and administration maintained our mission "To Educate, Prepare, Inspire" through critical thinking, collaboration, and the integration of technology in all subject areas which afforded students greater opportunities for engagement and learning.

We will continue to strengthen community involvement, differentiate instruction through use of technology, and provide our staff with the training and materials needed to achieve success. Student safety and improving student achievement through high expectations are our top priorities. Our safe, challenging, and enriched learning environment epitomizes our profound passion to educate our Outstanding Wonderful Learners!

Sonya Graves, Principal
Angela Hitch, SIC

Lucy T. Davis is an AVID Elementary site. Advancement Via Individual Determination, supports students in learning how to "do" school. By using success skills daily, students become proactive learners who take responsibility for their learning. AVID was implemented by our 3rd and 4th grade teachers during the 2016-2017 school year. All grades will implement AVID in the 2017-2018 school year. AVID's mission is to close the achievement gap by preparing ALL students for college readiness and success in a global society.

What is a School Improvement Council?

The School Improvement Council (SIC) serves as an advisory committee to the school's principal and faculty. SIC plays a key role in the education of our state's children, bringing together parents, educators, and community stakeholders to work collectively to improve student achievement. We meet the last Wednesday of each month at 2:45 pm. The SIC releases this report annually to inform the community of events and programs at Lucy T. Davis Elementary.
