CREW

EL Education Design Principles

Flexible Modular Scheduling

- Creating Relationships, Exploring Within
- Encourages community members to become crew, not passengers
- Promotes shared understandings
- Relationship building among students and teachers
- Character development
- Academic progress monitoring
- Small group of students who meet daily and are active participants

- Primacy of Self-Discovery
- The Having of Wonderful Ideas
- The Responsibility for Learning
- Empathy and Caring
- Success and Failure
- Collaboration and Competition
- Diversity and Inclusion
- The Natural World
- Solitude and Reflection
- Service and Compassion

- Flexible Modular Scheduling is a form of scheduling where time benefits both students and teachers. Time serves the students
- Its purpose is to create a learning environment to foster student management of time and evoke self-directed learning and independent decision making
- The learning is student centered and personal attention is provided to each student through relevant connections to their individual needs through collaborative learning commons

River Bluff High School serves students in grades 9 – 12 and offers students from around the district an educational experience in two Centers for Advanced Study: Media Arts, Design and Production and Law and Global Policy Development. River Bluff High School is accredited by Southern Association of Colleges and Schools, South Carolina Department of Education, and AdvancED, and has an Excellent rating on the SCDE School Report Card.

Features a curriculum built around case studies involving policy development at the state and national level on issues impacting social and economic conditions.

Offers three areas of emphasis: Music Technology and Recording, Television and Film Production, Digital Photography. An emphasis will be placed on the relationship between the fine arts, technology, and business.
