Flexible Modular Scheduling

- Flexible Modular Scheduling is a form of scheduling where time benefits both students and teachers. Time serves the students.
- Its purpose is to create a learning environment to foster student management of time and evoke self-directed learning and independent decision making
- The learning is student centered and personal attention is provided to each student through relevant connections to their individual needs through collaborative learning commons

River Bluff High School serves students in grades 9 – 12 and offers students from around the district an educational experience in two Centers for Advanced Study: Media Arts, Design and Production and Law and Global Policy Development. River Bluff High School is accredited by Southern Association of Colleges and Schools, South Carolina Department of Education, and AdvancED.

The Center for Law and Global Policy Development at River Bluff High School will feature a curriculum built around case studies involving environmental issues impacting social and economic conditions.

The Center for Media Arts, Design, and Production at River Bluff High School will offer the following five areas of emphasis: Music Technology and Recording, Television and Video Production, Technical Theatre, Digital Photography, and Motion Media Design. An emphasis will be placed on the relationship between the fine arts, technology, and business.
