A Message from the Principal & SIC Chairperson

The mission of Spring Hill High School (SHHS) is to provide a collaborative learning community that cultivates innovative thinkers prepared to meet the challenges of the 21st century. Spring Hill High School encourages students to discover their passion by offering five focus programs to include: Engineering Academy, Entertainment Academy, Entrepreneurial Academy, Environmental Studies Academy and Exercise Science Academy.

Our students come together from all areas of Lexington and Richland School District Five and represent a heterogeneous mixture in terms of ethnicity, religion, and socioeconomic status, while at the same time representing a similar population in terms of academic goals, mindset, and motivation. The enthusiasm at SHHS is contagious as faculty and students challenge and motivate each other to reach for and achieve at their highest potential. Our learning environment is designed to be open and accepting, and to not only allow students to answer the question, but also to question the answer.

Interdisciplinary approaches are used with technology to teach and encourage students to generate ideas, solve problems, and communicate solutions. We are proud of our students' academic and personal achievements and their involvement in both the school and larger community.

With the efforts of faculty, students, parents, staff, administration and community, Spring Hill High School offers our students the tools, instruction, and guidance necessary to increase their knowledge and skills to prepare them to be successful in their high school, college and future endeavors.

Accreditation

Spring Hill High School is fully accredited by the State Board of Education and the Southern Association of Colleges and Schools. In the annual report to the South Carolina Department of Education, no deficiencies were cited.

Goals for Spring Hill High School

- Grow and strengthen the Stallion family
- Clear and consistent communication with stakeholders
- Expand professional development to address project based learning
- Focus on learning, developing leaders, and community and service learning

Focus of School Improvement Council

The Spring Hill High School SIC has focused on several areas this year. Being a new school, our first focus was on electing parents, staff, and students to form the School Improvement Council. During this time, we also appointed community members. The second focus of the council was to draft, propose, and approve bylaws. The SIC has also been involved in establishing several standing committees. These committees may be composed of SIC members, other parents, staff or community members to fulfill the purpose of the committee. The committees will focus on SIC Membership, Awards and Recognition, Athletics (to support our SHHS athletes at their zoned high schools), and Advocacy. The remaining part of this year will see the Council focus on SIC elections for 2014-2015 and preparation for AdvancED Accreditation.

Teacher of the Year

Mr. Brandon Doty has been selected as Teacher of the Year by the faculty and staff of Spring Hill High School. Mr. Doty teaches Biology and serves as Dean of the Exercise Science Academy. He also serves as a Teacher Technology Leader.

Mission Statement

Spring Hill High School is a collaborative learning community that cultivates innovative thinkers prepared to meet the challenges of the 21st century. The school's culture is rich in personal connections, supporting a learning environment where students pursue coursework designed to foster creativity, uniqueness in thought, and intellectual development. Spring Hill students explore and master educational pursuits which prepare them to strive and lead in an interconnected world.

Vision

Spring Hill High School encourages students to discover their passion, developing independent and innovative thinkers who continually strive for excellence.

Five Focus Programs

Engineering Academy

Entertainment Academy
