Our Mission

The mission of Busbee Elementary is to be a community of leaders dedicated to *recognizing the worth and potential* in each student as we prepare them to be *future ready leaders and life-long learners*.

Busbee Elementary

Cyril B. Busbee Elementary School, a preK-5th grade Title I school, is helping all students to develop the *World Class Skills of the Profile of the South Carolina Graduate* by providing a safe, caring, and academically challenging teaching and learning environment through the implementation of our school's mission.

Our mission is to be a community of leaders dedicated to *recognizing the worth and potential* in each student as we prepare them to be *future ready leaders and life-long learners*.

During the 2022-2023 school year, our school is with intentionality to specifically focus on the following characteristics of the Profile: *World Class Knowledge* – rigorous standards in language arts and math for career and college readiness; *World Class Skills* – critical thinking and problem solving, collaboration and teamwork, communication, information, technology, knowing how to learn; and *Life and Career Characteristics*– integrity, self-direction, global perspective, perseverance, work ethic, and interpersonal skills.

This year all students in kindergarten through fifth grades received their own school laptop. During the school year, our students will learn to use our learning management system, Schoology both while in school and when at home and how to access live instruction. We have the goal of being a Blended Learning Environment.
