The Mission of Coosa Elementary School

Growing great leaders who dream more, learn more, achieve more, and become more...

What is the School Improvement Council?

Mandated by law, the School Improvement Council (SIC) serves as an advisory group to the CES principal and faculty. The SIC plays a crucial role in school improvement by bringing together parents, educators, and community stakeholders who work collectively to establish, monitor and evaluate specific long-range goals (School Renewal Plan) for student achievement. Other duties include producing the annual report to parents which outlines the progress of that plan and advising on the use of school incentive awards.
