

LCSD Career Center

625 Normandy Road | Lancaster, SC 29720 | 803-285-7404

Lancaster County School District Career Center

The LCSD Career Center serves over 900 students from all four high schools in our district with 21 teachers. We have 16 different CTE Completer Pathways and every pathway has at least one state or nationally recognized CTE Certification students can earn. We want each of our students to be CTE Completers that earn a CTE Certification so they will be considered Career Ready.

Mission Statement: The Lancaster County School District Career Center strives to educate, engage, and empower students to investigate and connect academic interests and career options while engaging in a life-long journey of self-exploration, inspiration and personal/professional growth.

Motto: Making Learning Relevant

The Career Center faculty and staff are committed to providing a learning environment with authentic assessments of real-world scenarios and skills.

WE TEACH WORKPLACE COMPETENCIES

Effective workers can productively use:

1. Resources - They know how to allocate time, money, materials, space, and staff.
2. Interpersonal Skills - They learn how to work on teams, teaching others, serve customers, lead, negotiate and work well with people from culturally diverse backgrounds.
3. Information - They can acquire and evaluate data, organize and maintain files, interpret and communicate, and use computers to process information.
4. Systems - They understand social, organizational, and technological systems; they can monitor and correct performance; and they can design or improve systems.
5. Technology - They can select equipment and tools, apply technology to specific tasks, and maintain and troubleshoot equipment.
