

MISSION STATEMENT

The mission of Scott's Branch Middle High School is to provide the opportunity for all students to have the skills necessary to be successful in an every-changing world.

SBMHS School Goals for 2023-2024

1. By the end of the 2023-2024 school year, SBMS students scoring "Exceeds" and "Meets" in ELA and Math will increase by 5% in each grade level on the state standardized assessment when compared to 2022-2023 state standardized assessment.

2. By the end of the 2023-2024 school year, SBMS students scoring 70 and above on course EOC exams will increase by 5% in each grade level on the state standardized assessment when compared to 2022-2023 state standardized assessment.

Dear Parents,

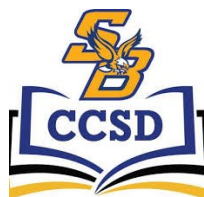

The purpose of this report is to provide vital information to stakeholders within our community. It is Scott's Branch High School's expectation to be the best school in South Carolina. The School Improvement Council continues to take an active and positive role in supporting this concept.

Scott's Branch Middle High School is helping all students develop the World Class Skill of the Profile of the South Carolina Graduate by implementing a rigorous academic curriculum that is infused with the arts. To develop world class competencies in teamwork, collaboration, critical thinking, problem-solving, and innovation, we emphasize the importance of using project/problem-based learning activities and ensure that time is allotted for students to demonstrate these skills necessary to be successful in an ever-changing world.

To meet the needs of our academically diverse population, some of our students enroll in college courses with the possibility of obtaining an associate degree. Others opt for the CATE course at our FE Dubose Career Center which provides a viable pathway to a meaningful career and livelihood. Our students are also given weekly common formative assessments and quarterly benchmarks assessments to monitor their academic progress. The data is analyzed by the instructional team and used to drive the instructional activities and intervention strategies.

Scott's Branch Middle High School continues to set high standards of excellence. We embrace the challenge of constantly evolving and growing as professionals in the ever-changing field of education. Our goal is to continue to provide the best, well-rounded educational opportunities for all of our students.

All of these wonderful learning opportunities would not be possible without YOU being a part of Scott's Branch Middle High School. If you have any questions concerning any of the information within this brochure, please call **Tyrone Cummings**, Principal of Scott's Branch Middle High School at (803) 574-2100.
