Dear Parents and Guardians,

For this school year, we’re excited to share important updates and information about the great things happening at **Scott’s Branch Middle High School**.

Our goal is clear: **to be one of the best schools in South Carolina**. With continued support from our School Improvement Council, dedicated staff, and engaged families like you, we are well on our way.

At Scott’s Branch, we are committed to helping all students develop the **World Class Skills outlined in the Profile of the South Carolina Graduate**. Through a **rigorous academic curriculum infused with the arts**, we focus on building key skills like **teamwork, collaboration, critical thinking, and innovation**. Students engage in meaningful **project- and problem-based learning**, allowing them to apply what they learn in real-world ways.

To meet the needs of our academically diverse student body, we offer opportunities such as **college dual enrollment**, with the potential to earn an associate degree, and **career and technical education (CATE)** courses through the **F.E. Dubose Career Center**, helping prepare students for both college and meaningful careers.

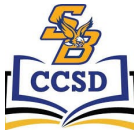

We use **weekly assessments and quarterly benchmarks** to track academic growth. This data helps our instructional team plan targeted lessons and interventions that support every learner’s success.

At Scott’s Branch, we are committed to high standards, continuous improvement, and educational excellence. We’re proud of our students, grateful for our staff, and thankful for YOU—our families and community partners—who help make our work possible.

If you have questions or would like more information, please feel free to reach out to me at **(803) 574-2100**. Together, we’re making a difference every day.

Sincerely,
Dr. Tyrone Cummings

Principal, Scott’s Branch Middle High School
