

About Our School

What a great school year it has been at Holly Hill Roberts Middle! Throughout this year of leadership transition, creating an environment where students excel and effective faculty interaction and communication was embraced.

Our faculty and staff members have continued to excel in relationship building and increasing academic performance. The motto of “establishing a non-negotiable standard of equity and excellence” defines our ability to support all stakeholders. We have demonstrated success in promoting a positive school climate, student achievement, curriculum implementation, strategic planning, and professional development.

All efforts continue to support our motto: “Establishing a Non-negotiable Standard of Excellence”. Our incredibly dedicated teaching staff keeps our focus on creating an academically engaging and relationship-building culture as we continue to challenge ourselves to be better at everything...every school year. Let G.R.O.W.!

The mission of Holly Hill Roberts Middle School is to ensure each and every student has the opportunity to engage in a quality educational experience that will enable them to reach and expand their potential, and prepare them to become productive, responsible and ethical contributors to our society.

SIC Annual Goals

#1 The HHRM SIC will continue to collaborate with each other to educate students and parents about the importance of maintaining an open line of communication between the parents and the school. This goal will also include supporting our students' social and emotional health and facilitating an increase of male role models in our school.

#2 The HHRM SIC will work with staff and administration at HHRM in continuing to review, discuss, and provide input on school-wide data. We will seek helpful solutions for our students who lack materials and supplies needed during the school day and continue to support school events and programs.

#3 The HHRM SIC will work with staff and administration at HHRM to help educate students and parents about the pros and cons of technology/social media use. Specifically, we will focus on how to use technology and social media in positive ways to impact future relationships.

#4 The HHRM SIC will work with staff and administration at HHRM to help educate students and parents about the support needed for implementing a safety task force and its initiatives.

Points of Pride!!
